EDUCATION

B. Tech Computer Science & Engineering Government Engineering College, Thrissur	2022 - 2025 (<i>expected</i>)
Diploma in Computer Engineering IPT & GPTC Shoranur	2020 - 2022

EXPERIENCE

SpotDraft , <i>Product Operations Intern</i> Assisted in the setup of LegalHub software for new customers by migrating their existing legal web pages. Supported customers in transitioning to the enhanced Salesforce integration.	August 2024 - Present
KSFE , <i>Software Developer Intern</i> Built a bilingual WhatsApp chatbot with AI Chat to assist 5 million+ customers of The Kerala State Financial Enterprises Ltd. (KSFE), a Kerala Government-owned financial institution.	October 2023 - April 2024

PROJECTS

BullionsCart • Comparing live market rates of gold for jewellers to make informed decisions before buying in bulk. • Built and deployed for Thrissur Bullions, a leading bullion dealer in Kerala.	<i>Next.js, Node.js, MongoDB</i>
Evaluate AI • Developed an exam evaluation application using GPT-4 vision and completion models API, reducing manual grading time by 60%. • Utilized MongoDB, Next.js, and Node.js for backend development, ensuring seamless data management and efficient processing.	<i>Next.js, GPT-4</i>
StratX • Enabling traders to build algorithmic trading strategies using our block-based console, without writing a single line of code. • Strategies can be exported to JSON and PineScript or sold in our Marketplace.	<i>Next.js, Node.js, MongoDB</i>
Formify AI • Create public forms from AI prompts which accepts crypto payments and store media in blockchain • Enabling fast and secure public response and payment collection	<i>Next.js, GPT-3.5</i>
Faculty Feedback System • Anonymous surveys for efficient student feedback, driving teaching effectiveness • Enabling teachers taking informed decisions about their course and students sharing feedback while protecting their identity	<i>Next.js, Node.js, MongoDB</i>

ACHIEVEMENTS

Tinkhack Hackathon , <i>First Prize</i>	2023
HackAtArch Hackathon , <i>Second Prize</i>	2023
Kerala Startup Mission Innovators Premiere League 2.0 , <i>Challenge Winners</i>	2023
Inkrit Hackathon , <i>Second Prize</i>	2023
Proxy'22 Tech Event , <i>Second Prize</i>	2022

SKILLS

Languages	TypeScript, JavaScript, C++
Technologies	Next.js, React, Node.js
Tools	Git
Database	MongoDB, MySQL
